Beyond making a few incidental references to particular instances, we have refrained from meddling with the financial administration, our chief reason, and we do not hesitate in confessing it, being that we failed to anderstand some of the methods of Sir William Robinson and his henchmon Mr (now Sir) George O'Brien and Mr Stewart Lockhart. The amount required was not inconsiderable, but it looked paltry in juxtaposition with an alleged surplus of \$600,000. At the time, we expressed our surprise that the Government should resort to fresh imposts while it dangled this substantial balance of \$600,000 before the eyes of the Colony. > PROJECTED RAILWAYS IN CHINA. (Special to the N.-Q. Daily News.) Peking, 4th Feb., 8 p.m.

A Censor, backed by one of the Imperial Princes, has momerialised the Throne to grant permission for the immediate building of a railway between the capital and the Yangtze provinces, and the Board of Revenue when questioned upon the matter by the Emperor also reported favourably upon the project. The reason given for the memorial was a comparison between the ease with which the Tientsin railway had transported troops during the war to Shanhaikuan and the difficulties and tardiness of the overland march from the south, in the absence of railways. It is reported that the railway material collected at Shanhaikuan, etc., will be utilised for the new line between Chible and Kiangou.

MARSHAL OYAWA'S LETTER. A few days ago a courteous communication was received by the Consula here from Marshal Oyama, announcing that in case he found it necessary to occupy Chefoo he would take the necessary steps to protect neutrals and maintain order. The question of absorbing interest to us now is, whether the Chinese will be rational enough to aurender the place, with its forts, without any futile opposition; or whether, to save face, they will oblige the Japanese to bombard the forts. In the latter case, our women and children will have to take refuge on board the ships as the foreign dress, praying for a dissolution, for the Settlement lies directly in the line of fire question to the country, has been rejected nent Chinese gunner, might easily drop a would be a grand thing for Chefeo, almost too good to hope for, if the Foreign Ministers would induce the Chinese to grant us a Concession, and dismentle the useless forts: then both belligerents might leave

MEDICAL MELP FOR WOUNDED CHINESE. The letters of our Newchwang correspondents which were published in yesterday' issue, both draw attention to the active work done by the Red Cross Hospital at Newchwang, and the devotion paid to the relief of the poor wounded Chinese by the doctors, civil and naval. Elsewhere in our columns will be found a letter from the Roy. Muirhead, D.D., appealing to the commu

nity for anbscriptions to carry on this sminently charitable work, the nature of which is foroibly laid before us by the pathetic and so to prison I had to go. letter of the Rev. Jas. Webster forwarded to De Mulrhead. The horrors of the situation in which the wretched Chinese soldier is placed cannot be exaggerated, and the sufferings of the untended wounded in the terribly savers climate of Manchuria mustbe awful in the extreme, so that the cry for help sent forth by the Red Cross Hospital will be cortain to meet with generous response from Shanghai. Dr Daly of Newchwang writes to Dr Muirhead under date of the 15th ultime that the Red Cress Hospital has the cordial support of the local authorities and Generale in command, and that there were already 200 Chinese soldiers under treatment, and many more were expected, and in his letter goes on to say that It is a great comfort to get hold of the wounded so soon after the battle, which was fought on Thursday last, 25 miles from here. We expect a great battle to take place tomorrow, the 16th, at Kackan, which is 13 miles east by north of us. The regiment. from which our wounded have mostly come made a brave stand at Kaichow and lost their General (Yang) and about 600 men. It is simply a case of good gues, good ammunition, good officers and well-drilled men egainst the exact opposite. One cannot help heartily sympathising with them. The more we see of them, the more we like them. We find them very grateful and easily managed, and they seem to theroughly appreciate our efforts to relieve their sufferings. Well led and well armed, they would make excellent soldiers. Dr Christie is my chief colleague and Drs. Arnold (Petrel), Ponny (Firebrand), and Greig, Gray, Gordon and Brander are all working hard. Some of the missionaries are also giving us valuable help. We shall be very pleased to receive subscriptions at this office, which will be forwarded to Dr Muirhead, and the same shall be acknowledged in our columns, until such time as a Committee for collecting subscriptions is formed as Dr Muirhead sug-
